## Utah Cosmetic Surgery is dedicated to improving you!

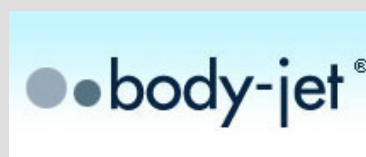

Dr. Scott Haupt is not only a board certified plastic surgeon with over 20 years of experience, he's a reconstructive surgeon and wound care specialist with privileges at several area hospitals. He has been the expert opinion in several local TV news reports and is involved in the training of other surgeons. Procedures are performed at a Surgical Center with a board certified Anesthesiologist, not in the back room of an office. Your safety and well being is Dr. Haupt's 1st priority.

Utah Cosmetic Surgery has Utah's only breast imaging simulator to help you preview the results of your breast augmentation procedure. There is no guesswork when it comes to what size breast implants will look best on you.

Whether you need a full body makeover, Liposuction, or laser hair removal in the Salt Lake City area, Utah Cosmetic Surgery is the only office you'll need to visit.
